

FACHEP STRATEGY AS REVEALED BY DR. BEN PAULI

Dr. Ben Pauli arrived in [Flint June 2015](#) to work as an [Assistant Professor of Social Science at Kettering University](#). During his PhD work at Rutgers [Pauli taught numerous courses including Gender, Social Justice and Marxist Theory](#), and his research on topics including “[Reinvention of Anarchist Tactics in the Twentieth Century](#)” was published in forums like the *Journal for the Study of Radicalism*. His 2014 dissertation “[Modern Rebels: The Political Thought of the New Anarchists](#),” sought to raise “*anarchist thought to the level of intellectual respectability*,” with a “*hope to inject the New Anarchism’s unique perspective back into political consciousness*.”

Dr. Pauli decided to use Flint as a living laboratory, to put some of his ill-conceived theories into practice, casting himself as the badass political anarchist rebel professor of the FWC post-federal emergency. Dr. Pauli’s high jinks might be laughable, except we still fail to find any humor whatsoever, in manipulating people and the public trust for personal gain in the wake of a disaster.
